

DAVE O'CONNOR – CHAIRMAN (NON-EXECUTIVE)

Dave is Managing Director of the Regis Group in Mauritius. Regis Holdings Limited was incorporated in September 2007. The principal activity of the Regis Group is to act as a one-stop solution with the emphasis on global procurement and logistics. The Company procures a wide range of products and services for our clients including personal protection equipment, valves, piping, heavy machinery, cranes, computer equipment and pre-engineered steel structures. The Group also sources and contracts specialised staff on behalf of their clients and provides specialist technical services to their clients in the oil and gas sector.

Dave started Regis Trading International (Pty) Ltd in 1992. Regis Trading, currently employs a staff compliment of seven personnel, with its head office in Johannesburg, South Africa. During his travels into Africa, he recognised a niche in the market in supplying NGO's and other Aid Organisations with their project requirements, ranging from refugee packs, blankets, soap and agricultural tools and equipment.

Regis Trading has been proud to be associated with and supplied products and services to the Sonils OSC, a project funded by the Intels Group of Europe and Sonangol, the National Oil Group of Angola. The Company continues to build on this relationship, enhancing its reputation as a reputable and reliable supplier of quality products and services from all over the world.

In 1997, Regis began specialising in supplying equipment to various organisations working in the Landmine Clearing business, and has continued to expand its products to include supplying ex South African Military Mine Protected Vehicles used for the safe transport of personnel and equipment in dangerous areas. As of today, Regis Trading is recognised as the largest supplier of these types of vehicles in the world, and has equipment in countries such as Angola, Mozambique, Sudan, Eritrea and has also supplied vehicles to various clients for operations in post war Iraq for the protection of their staff.

Due to the demand of warehousing in Angola, Regis have partnered with engineering companies and various companies providing steel fabricated products.

Dave was educated at Victoria Park High School in Port Elizabeth, South Africa.
